

Factsheet Delivery Logistics

Rules for delivery / collection vehicles (stand construction, catering etc.)

Delivery / collection is exclusively via the KONGRESSHALLE loading zone.

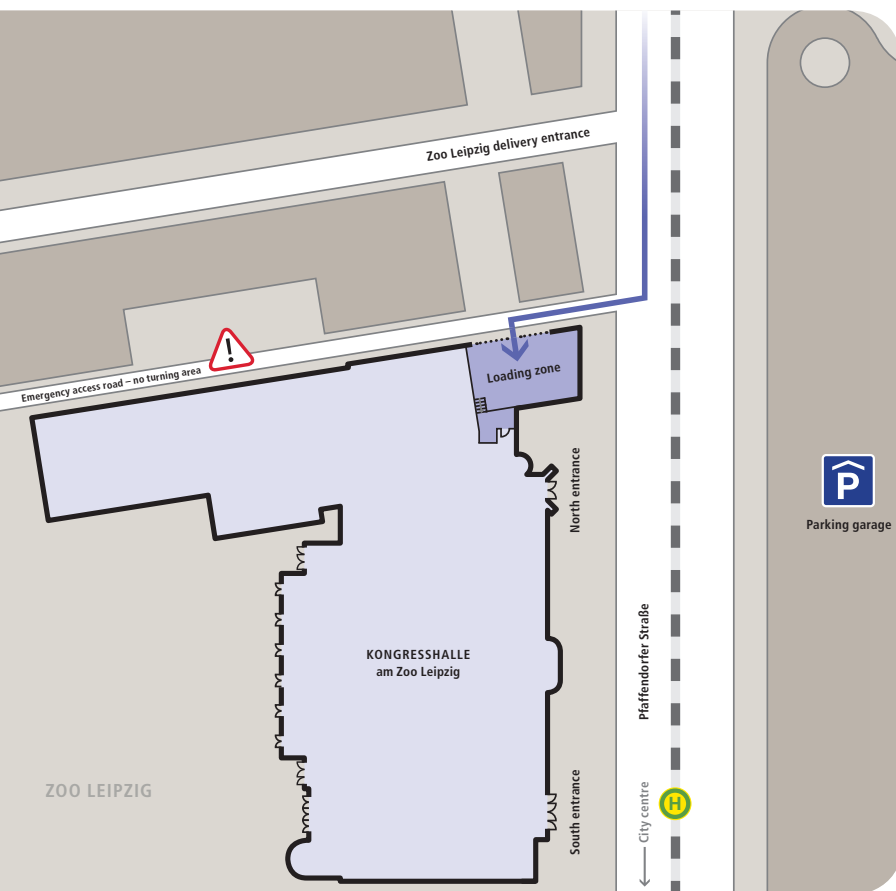

Access from the public highway is from Pfaffendorfer Straße from the north turning right onto the approach road to the access yard of Zoo Leipzig. This road is an emergency service access route and may not be blocked, even partly or temporarily, outside (public highway, area of public transport stops) or in the grounds themselves.

Access to the loading zone of the KONGRESSHALLE is only possible for vehicles with a payload of up to 7.5 t.

For structural engineering reasons, driving on the footpath directly in front of the KONGRESSHALLE complex is prohibited.

It is recommended that consignments be delivered using the appropriate vehicles (payload of up to 7.5 tons).

Dimensions of the loading ramp: (H / W / D): 1.22 m / 3.00 m / 3.00 m.

The use of vehicles with a tail lift is advisable.

Consignments should be loaded on Euro pallets.

For space and traffic-related reasons, only **four vehicles** may be in the loading zone at the same time (1 HGV up to 7.5 t, 3 vans up to 3.5 t). Booking a delivery time / coordination can be arranged through / by KONGRESSHALLE facility management / logistics personnel. Contact: +49 341 678 2699 / 2653. In the case of a larger volume of deliveries, **time-slots** will be allocated which **must be observed**.

Time spent in the loading zone is allocated to loading and/or unloading only. The deployed KONGRESSHALLE personnel are authorised to give instruction and will assist with rapid handling.

Vehicles may be parked after unloading / before loading in the grounds of Leipziger Messe, Messe-Allee 1, subject to payment of a parking charge (5 km from the KONGRESSHALLE; contact: city-parking Deutschland Betriebs GmbH, Messe-Allee 1, 04356 Leipzig, Tel. +49 341 678 7203; e-mail: parking@leipziger-messe.de).
