Guideline for Poster Presentation

In addition to lectures the LMHI Congress 2017 offers the opportunity to present scientific working groups and research work on posters, to discuss them with other conference attendees and to make contacts. Throughout the entire conference these posters will be presented and all interested attendees will have sufficient time to visit the poster exhibition and to get in contact with the authors.

Design

Size	Vertical format A0(118,9 x 84,1 cm bzw. 46.8" x 33.1")
Material	Heavy paper – if you want to reuse posters, a lamination is recommended.
Print	The posters and hand-outs <u>can not</u> be printed on site.
Legibility	The entire poster should be easily legible from a distance of about 2 – 4 metres.
Design elements	Text and pictures; clearly structured (e.g. division into columns)
Pictures	Graphics, diagrams, pictures etc., if possible coloured but not too rich in detail
Text	low text density, rather keywords than a continuous text
Author contact	Name, institution/s and contact information of authors (e.g. email address) have to be clearly visible

Organisational Matters

Presentations of the posters	Poster discussion times will be announced individually on each poster by the authors. During these times, the authors are asked to stand by the poster for discussion and questions.
Placement	will be announced
Mounting 14 June 2017, 3 p.m. Removing 17 June 2017 until 6 p.m.	The poster authors are asked to hang their poster at the corresponding poster number on the available poster boards on their own. Posters may only be displayed if a congress registration exists and should remain until the end of the congress. They must be removed not later than Saturday, 17 June 2017 until 6 p.m. Posters that are not removed will be disposed.
Adhesive material	Only residue-free adhesive strips permitted, they will be provided upon request by the organiser.
Handouts	It is desirable that a sufficient number (about 10-100 pieces) of A4 copies as a handout is available. For handouts and other materials (publication lists, etc.) a central table is disposal next to the poster exhibition.
