Homeopathic World Medical Congress 2017 14-17 June 2017 in Leipzig, Germany

The German Association of Homeopathic Physicians (Deutscher Zentralverein homöopathischer Ärzte, DZVhÄ) will host the Homeopathic World Medical Congress 2017.

Founded in Köthen (Anhalt) in 1829, the DZVhÄ is the oldest medical association in Germany. Today, it represents more than 6,000 members and associated physicians from all medical disciplines. Our objectives are focused on further developing homeopathy as a modern and individual medicine, ensuring the high quality of professional training in the field of homeopathy as well as promoting homeopathic research and education.

With its manifold events the DZVhÄ reaches not only homeopathic general practitioners but also dentists and veterinarians, medical students, pharmacists, midwives as well as non-professionals and patients who show a great interest in homeopathic treatment.

The Liga Medicorum Homoeopathica Internationalis (LMHI) – the International Homeopathic Medical Society – was founded in Rotterdam in 1925 with the participation of the DZVhÄ. It has grown into a global organisation representing medical associations from more than 70 countries worldwide.

The purposes of the association are the development and securing of homeopathy worldwide and the creation of a link among licensed homeopaths with medical diplomas and societies and persons who are interested in homeopathy.

**Each year, the annual LMHI Congress is hosted by one of these member countries.
In 2017, the 72nd LMHI Congress will take place in Germany and is organised by the DZVhÄ.**
